Safety information

Safety information

Please read the safety instructions carefully before using the product for the first time and keep the instructions for future reference.

1. This product is not a toy. Keep it out of reach of children.
2. Keep product out of the reach of children and pets to avoid chewing and swallowing.
3. Product operating and storage temperature is from 0 degree Celsius to 40 degree Celsius. Under and over this temperature might affect the function.
4. Never open the product. Touching the inside electrics can cause electric shock. Repairs or service should only be performed by qualified personnel.
5. Do not expose to heat, water, moisture, direct sunlight!
6. Please protect your ears against loud volume. Loud volume can damage your ears and risk in hearing loss.
7. Bluetooth wireless technology operates within a range of about 10 m (30 feet). The maximum communication distance may vary depending on the presence of obstacles (people, metal objects, walls, etc.) or the electromagnetic environment.
8. Microwaves emitting from a Bluetooth device may affect the operation of electronic medical devices.
9. The unit is not waterproof. If water or foreign objects enter the unit, it may result in fire or electric shock. If water or a foreign object enters the unit, stop use immediately.
10. Only charge with supplied Adaptor. The direct plug-in adaptor is used as disconnect device, the disconnect device shall remain readily operable. So, make sure there is space around the power outlet for easy access.
11. Do not use non original accessories together with the product as this can make the product functionality abnormal.

Power On/Off

- ① Carefully extend the telescopic antenna when listening to DAB/FM radio.
- ② Set the power switch on the back of the radio to ON position to turn the radio on, and set the switch to OFF position to turn it off. The radio automatically enters DAB mode after being turned on.

Setting Alarms

You can set 2 alarms by following the steps below:

- ① Press the [ALARM] button (3) to enter the alarm settings menu.
- ② Turn the [ROTARY KNOB] (10) clockwise or counter-clockwise to select alarm 1 or alarm 2 settings.
- ③ Then press the [ROTARY KNOB] to enter and turn the [ROTARY KNOB] [clockwise or counter-clockwise] to select the setting option On/Off/Time/Source/Repeat/Volume.

Alarm: Select On or Off.

Time: Select the time by rotating the [ROTARY KNOB] and press the [ROTARY KNOB] to confirm.

Source: Select FM, DAB or Buzzer.

Repeat: Select Once, Daily, Weekends or Workday.

Volume: Select the volume by turning the [VOLUME] knob clockwise or counter-clockwise, then press the [ROTARY KNOB] to confirm.

After setting all options, press [INFO/MENU] to exit the alarm settings menu.

When the alarm sounds, it gradually increases to the set volume. Turn the [ROTARY KNOB] (10) clockwise or counter-clockwise to adjust the snooze time and activate the snooze function. When the alarm sounds, press the [VOLUME] knob to mute the sound.

System Settings

- ① In operating mode, press and hold the [INFO/MENU] button to enter the main menu. Turn the [ROTARY KNOB] (10) clockwise or counter-clockwise to select the corresponding function and press the [ROTARY KNOB] to enter the function.

DAB Radio

- ① Switch your DAB-48 on, it will automatically enter DAB mode.
- ② When entering DAB mode for the first time, the radio will automatically search for radio stations.
If stations have already been searched, press and hold the [ROTARY KNOB] to activate the automatic station search.
- ③ After searching the stations is completed, turn the [ROTARY KNOB] clockwise or counter-clockwise to cycle through the station list. Press the [ROTARY KNOB] to select a station. Rotate the [VOLUME] knob to adjust the volume; press the [VOLUME] knob to mute the sound and press the [VOLUME] knob again to unmute.
- ④ Press [INFO/MENU] to view information with regard to the current station: radio text, signal strength, program type, program name, channel number/frequency, signal error rate, bit rate, time and date are displayed.
- ⑤ Press and hold the [PRESETS] button to enter the radio presets, then rotate the [ROTARY KNOB] to cycle through the preset stations. Press the [ROTARY KNOB] to save the station under the current preset. To call up a preset station, press the [PRESETS] button and rotate the [ROTARY KNOB] to select the desired preset and press the [ROTARY KNOB] again to select.
- ⑥ **Note:** A total of 40 preset stations can be stored.
- ⑦ Press and hold the [INFO/MENU] button to enter the main menu, then rotate the [ROTARY KNOB] to select the corresponding function and press the [ROTARY KNOB] to enter. The following functions are available:

Note:

Station List: Display station list.

Scan: Automatically search for radio stations.

Manual Tune: Manually search for radio stations.

Prune Invalid: Delete stations that have become invalid.

FM Radio

- ① Switch your DAB-48 on. Press the [MODE] button to enter FM mode.
- ② Press and hold the [ROTARY KNOB] to automatically search and save radio stations. Rotate the [ROTARY KNOB] to select and play the saved radio station.
- ③ Rotate the VOLUME knob to adjust the volume; press the VOLUME knob to mute/unmute the sound.
- ④ Press [INFO/MENU] to view information with regard to the current radio station: radio text, program type, program name, channel information, time and date are displayed.
- ⑤ Press and hold the [PRESETS] button to enter the radio presets, then rotate the [ROTARY KNOB] to cycle through the preset stations. To call up the preset stations, press the [PRESETS] button and rotate the [ROTARY KNOB] to select the desired preset and press the [ROTARY KNOB] again to select. The preset radio station is played. **Note:** A total of 40 stations can be stored.
- ⑥ Press and hold the [INFO/MENU] button to enter the main menu. Rotate the [ROTARY KNOB] to select the corresponding function. Press the [ROTARY KNOB] to enter. The following functions, as above, are available:
- ⑦ **Scan:** Search settings; select all stations or strong stations.

Bluetooth pairing/playback

- ① Switch your DAB-48 on and repeatedly press the [MODE] button until BT mode is selected. You will hear a confirmation tone, indicating that the Bluetooth function has been activated and is in pairing mode. The display shows "Disconnected".
- ② Activate the Bluetooth function on your external device (e.g. smartphone) and search for the Bluetooth device with the name "DAB-48". Select to connect with "DAB-48". After approx. 10 seconds you will hear two confirmation tones and the display shows "Bluetooth Connected" with the name of the connected external device. When turning off or disconnecting the external Bluetooth device, the radio sounds two confirmation tones and the display shows "Disconnected".
- ③ Rotate the [ROTARY KNOB] to skip to the next or previous title, then press the [ROTARY KNOB] to play or pause.
- ④ Rotate the [VOLUME] knob to adjust the volume; press the [VOLUME] knob to mute the sound and press the [VOLUME] knob again to unmute.
- ⑤ Press and hold the [ROTARY KNOB] to disconnect from the external device.

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Denver.eu declares that the radio equipment type DAB-48 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: and then click the search ICON on topline of website. Write model number: DAB-48. Now enter product page, and RED directive is found under downloads/other downloads.
