INSTRUCTION MANUAL

Safety information

Please read the safety instructions carefully before using the product for the first time and keep the instructions for future reference.

1. This product is not a toy. Keep it out of the reach of children.
2. Warning: This product includes are chargeable lithium-ion battery.
3. Keep product out of the reach of children and pets to avoid chewing and swallowing.
4. Product operating and storage temperature is from 0 degrees Celsius to 40 degrees Celsius. Environments under and above this temperature might affect functionality.
5. Never open the product. Do not touch the inside electronics, or you may get an electric shock. Repair or service are only to be performed by qualified personnel.
6. Do not expose the product to heat, water, dust (dusty environment), moisture, direct sunlight!
7. Please protect your ears against loud volumes. Loud volumes can damage your ears and lead to hearing loss.
8. Bluetooth wireless technology can only operate within a range of about 10m (30 ft).

- The maximum communication distance may vary depending on the presence of obstacles(people, metal objects, walls, etc.) or the electromagnetic environment.
9. Microwaves emitted by a Bluetooth device may affect the operation of electronic medical devices.
 10. If water or foreign objects enter the unit, it may result in fire or electric shock. If water or a foreign object enters the unit, stop using it immediately.
 11. Only charge with the supplied USB cable.
 12. This product doesn't support harmonized fast charging.
 13. Do not use non-original accessories together with the product as this can make the product functionality abnormal.
 14. Do not block the ventilation openings. The product needs them to disperse heat.

INSTRUCTIONS FOR USE

1. Power on/off/Mode/Light/TWS
2. USB input
3. AUX input
4. SD card slots
5. Volume up/next song
6. Volume down/previous song
7. Type-C input
8. Charging light
9. Play/Pause/Call

Charging Your Speaker

1. Before first time to use, please fully charge the speaker!
2. Please use the charging cable provided, plug the USB-C end into the charging port on speaker, and the USB-A end into a 5V/1A adaptor (not included).
3. While charging the speaker, the LED indicator will stay in red. After fully charged, the indicator will be off, please remove the charge cable after fully charged.

Power on/off

Long press the power button (1) to turn the speaker on/off.

Bluetooth function

Turn on the speaker, it will enter BT pairing mode automatically, you will hear a voice prompt. Turn on the Bluetooth Connection on your device, scan/search and select "BTG-213". Once paired, the speaker will voice prompt, and you can start playing music.

Volume Up/Down

Long press the button (5) to increase the volume. Long press the button (6) to decrease the volume.

Previous music/Next music

Short press button (6) to previous music.
Short press button (5) to next music

Play/Pause

Short press button (9) to play music or pause music.

Handling Phone Calls

Short press the button (9) to answer / end a phone call. Double-click to reject a phone call.

MODE

Short press button (1) to switch modes among BT/SD/USB/AUX

Light

Double press button (1) to change light mode.

TWS function

The speaker supports TWS function, which means you can pair two same speakers to get a stereo function. To do this, turn on both speakers, but don't pair them with any BT devices. Triple-click the "Power" button (1) on one of the speakers, once the speaker is connected with the other one, there will be a prompt. Now the speakers will behave as one Bluetooth unit, and you can play music through two speakers.

In AUX mode, if you pause music though the phone, the speaker will not automatically turn off . If you pause music though the

speaker unit and there isn't any operation for 10 minutes, the speaker will automatically turn off.

In BT mode, if there isn't any message, calls, and APP notification come to the phone, and no any operation for 10 minutes, the speaker will automatically turn off.

If there is any message, calls, APP notification and operation, the time to automatically turn off will be re-timed.

In USB/SD Card mode, if there isn't any operation for 10 minutes, the speaker will automatically turn off

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Denver A/S declares that the radio equipment type BTG-213 is in compliance with Directive 2014/53/EU. The full text of the RED declaration of conformity is available at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: BTG-213. Now

enter product page, and RED directive is found under downloads/other downloads.

Information on standby/off mode power consumption and power management for products compliant with Commission Regulation (EU) 2023/826 can be found at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: BTG-213 and enter the page.
